

Windshield Washer Fluids

TECHNICAL DATA SHEET

GC™ All Season Windshield Washer Fluid

Crystal-Clear Visibility in Any Season.

Advanced ethanol-based formula engineered to deliver streak-free cleaning and all-weather performance. Designed with specialized lubricity additives, it prevents wiper sticking and slipping while protecting plastic, rubber, and painted surfaces. Its low-toxicity ethanol base provides the same powerful cleaning action as methanol fluids—without the harsh chemicals—making it the safe, effective, and eco-conscious choice for year-round windshield care.

GC™ Advantage

- ✓ **All-Season Formula**
Delivers dependable cleaning performance in both hot and cold climates.
- ✓ **Ethanol-Based Composition**
Reduces toxicity compared to methanol-based washer fluids while maintaining strong cleaning power.
- ✓ **Superior Cleaning Action**
Removes road grime, bug residue, and film for streak-free, crystal-clear visibility.
- ✓ **Wiper Blade Protection**
Special lubricity additives reduce friction to prevent wiper sticking, chattering, and wear.
- ✓ **Safe on Surfaces**
Fully compatible with paint, plastic, and rubber parts—ideal for all washer systems.
- ✓ **Durable in Extreme Temperatures**
Maintains performance and clarity from summer heat to winter chill.
- ✓ **Ready-to-Use Convenience**
Pre-mixed for easy fill-up with no dilution required.
